Attends Special Workshop; Trip Slated Soon

Mrs. Lorene D. Shoup, 2318 W. 183rd St., has been attending a week-long special education workshop. The workshop is being held at Pepperdine College.

SOUVENIR key chains, a major league baseball player, space-oriented exhibits from area aerospace firms, film stazlets, and refreshments are included in plans, now being completed.

The course, entitled "A Simple Method of Teaching and Learning Clothing Construction," is conducted by the Home Economics Department at the college.

Visitors will tour the new bank, see the automation center, the vaults, and the service offices.

Mrs. Shoup plans a tour of New Mexico upon completion of the workshop.

THE EXPANSION project added a two-story structure at the rear of the present structure, and put a two-story building on stilts adjacent to the main building. Parking is provided for more than 100 cars.

In addition to the main office, Pacific State Bank will open a Torrance office in the near future.
